The lead retrieval **Barcode Scanner System** is a compact device that allows you to scan a barcode on a prospective buyer's name badge, and automatically capture his or her name, company, address, including telephone and fax numbers, and email addresses, and sales qualifiers on paper or optional jump drive.

With our Standard System Rental, you will receive a scanner that:

- 1) Records the attendee information directly to a floppy disk.
- 2) Produces a paper print out of the data. (Optional)
- 3) You will also receive a sheet of generic sales qualifying codes to effectively categorize your leads.

With our Handheld System Rental, you will receive a scanner that:

- 1) Records the attendee information directly to the scanner and the leads will be e-mailed to the key-contact post show.
- 2) Does not produce a paper print out.
- 3) You will also receive a sheet of generic sales qualifying codes to effectively categorize your leads.

Our Additional Services include:

PERSONALIZED ACTION CODES-are questions, services, or products that you would like to attach to an attendee. Qualifying codes are an excellent way to determine what action should be taken after the event. Some examples would be: HOT LEAD, SEND LITERATURE, Sales Rep. Bob Jones, or Product X Y & Z.
